Chicago DJ & *Producer*

Dame is a Chicago DJ and producer working across dark, bassline-driven tech house, indie tech, and indie dance. Raised on dance music in Chicago with family roots in DJing and production, he built his sound studio-first, keeping arrangements stripped back and low-end focused.

Across Chicago club rooms, he delivers direct support and closing sets alongside leading international artists, including Concord Music Hall, sold-out bills at PRYSM, and afterparties at Cermak Hall.
